MEMORANDUM FOR: Security Officer, DDS&T

SUBJECT : "K" for [REDACTED] 25X1A

25X1A 1. Because of the anticipated frequent need for my secretary, [REDACTED] to go behind the "K" barrier, it is requested that a "K" be added to her badge. Her present badge number is [REDACTED] 25X1A

2. This request is prompted by an incident that occurred this morning in which time was of the essence and her entrance to the restricted area would have been facilitated by her possession of a "K". Similar need for easy access to the restricted area will become increasingly necessary.
